

Cover Sheet

Please send back (via fax or email):

- 1) Patient Demographic Sheet
- 2) Latest Medical Records (important info see below)
- 3) Signed Prescription (on next page)

Medically Modern is working to get {{Item}}, date of birth {{DOB}}, an Insulin Pump ({{Pump Type}}).

CRITICAL FOR INSURANCE COVERAGE OF INSULIN PUMP

A) FIRST-TIME PUMP

Medical records must state ALL of the following information:

- The patient has been diagnosed with diabetes for at least 6 months.
- The patient completed a comprehensive diabetes education program.
- The patient executes a treatment program of at least 3 injections of insulin per day with frequent self-adjustments.
- The patient has been performing this regimen for 6 months or more.
- The patient is adhering to the CGM regimen and diabetes treatment plan.

The patient's current diabetes therapy includes the following [must include at least one]:

- A1c level of [x%] (above 7%) taken on [date]
- A history of recurring hypoglycemia
- Wide fluctuations in blood glucose before mealtime
- Dawn phenomenon with fasting blood sugars frequently exceeding 200 mg/dL
- A history of severe glycemic excursions.

Given the above, insulin pump therapy is medically necessary

B) NEW PUMP DUE TO MALFUNCTION

- Prescription (next page) MUST have out-of-warranty date and malfunction reason filled
- Medical records must state patient has been receiving insulin continuously using a pump

For any questions, you can call Medically Modern at: (347) 503 - 7148
